THE RACE ON SATURDAY .- On Saturday last quite a crowd met on the Columbia course to witness a match race for \$500—mile heats— between Mr. Maddock's sorrel mare, Mary Payne, and Mr. Suit's bay horse, John Graham, which was advertised to take place at 1 o'clock; but for some cause unexplained, of course, the spectators were kept waiting in the cold till nearly 3 before the horses were brought to the post. There was very little betting. The friends of the mare would have backed her freely at even money, but as there was no odds offered, the friends of the horse

On the word "go" being given, an even start was effected, the rider of John Graham racing for the lead from the jump, which he slightly obtained on rounding the corner, but before they had reached the quarter-pole, the mare shot ahead, was never afterwards approached, and passed the judges stand "hard held" six lengths ahead of her opponent. Time, 2 minutes, 1; second. John Graham lost a plate or plates, was taken off the ground, and the mare galloped over the course alone for sion, be construed to refer to them.

In consequence of the disparity in the riders and the absence of scales and weights we were led to inquire into the conditions of the match as regarded the right. Each horse had to carry and was informed that John Graham was to earry 125 lbs. and the mare 115 lbs. The rider of the former was a fair sized man, who, with saddle and bridle could not have weighed less than 10 lbs. over the stipulated weight and Ahat of the latter, a light boy who had a light saddle with no extra weight save a damp saddle cloth and who could not have weighed 100 pounds. Surely Mr. Suit must have entertained a high opinion of the speed and weight-carry ing eapabilities of his little horse, ere he would, with any hope of success, venture to put so much weight to any four legged animal having the slightest pretention to the name of

The balance of the evening was filled up with several scrub-races, which afforded more amusement to the spectators than the match race. It is more than probable that several races will take place this week as there are several blooded horses on the course.

GREAT IMPROVEMENT IN ROOFING .- As a matter of valuable information to the thousands of readers of the Star who are interested in the improvements of the day, especially in rendering our public buildings and private residences impervious to the changes of the weather, we would state that there will be placed on exhibition at the Metropolitan Mechans' Fair, shertly to be held in this city, and for which great preparations are being made by our artisans to make it the grandest affair of the kind possible, a specimen of copper roofing, to which no repairs will be needed for fifty years. This is the invention of a Washington mechanic-Mr. Joseph F. Hodgson-and he guarantees that during that time it will be perfectly water-proof. The expansion and contraction are provided for on scientific principles, and the roofing is adjusted in such a manner that a leak in it is impossible. This improvement will be the means tens of thousands of dollars in repairs simply.

BALLS THIS WEEK .- The pleasure-seeker will find plenty of opportunities of gratifying himself this week. In addition to other amusement, two of our fine military companies and one of our popular clubs give their annual

That of the Boone Riflemen takes place at the New Odd Fellows' Hall, near the Navy Yard, on Wednesday night, and the Arlington Club on the same night at Carusi's Saloon. The President's Mounted Guards will have their annual ball on Thursday night, at Odd Fellows Hall. From the seal manifest by the different committees of arrangements we can promise a delightful entertainment to those who may attend.

Our friends in Alexandria will bear in mind that the popular company of Mount Vernon Guards also give their annual ball at Serepta Hall on Wednesday night.

A DIFFERENCE IN LEGISLATION. - Messrs. Editors: Can you inform us why a different mode of legislation should be pursued with different sections of the city? Or, if the councils have not legislated differently for different sections? Why are not the "tavern laws" enforced in other sections as they are in the central wards. Respectfully,

A SUFFERER. Washington, Nov. 20, 1854.

We think it was the intention of our city fathers, in enacting the laws referred to, that they should bear equally on all parts of our city; if there is any partiality, it is evidently the fault of the executors of the laws. As to the reason why the laws are enforced in some parts of the city and not in others we respond, we "don't knew."

YESTERDAY. -The churches of Washington were all well attended yesterday, though the day was disagreeably cold and blustering. Few cities of its size on the coast contain so large a church-going population as ours. This may be owing to the fact, that this being the political metropolis of the Union, every denomination of Christians among us seek to keep here as clergymen gentlemen of fine abilities and high reputation. They are, nearly all of them, capable of offering, whenever they preach, an intellectual treat to all who will attend church, if but to hear an able preacher, there being here, as elsewhere, a large class to work. who go to the house of Ged for that purpose principally; they are among the most regular attendants upon public worship among us.

THANKSCIVING AND THE WASHINGTON MOR UMBET.-We have had many urgent requests to do our best to induce the various clergymen in Washington to take up cellections on Thanksgiving day in their respective churches, for the completion of the Washington Monu ment. We need hardly remark that the occasion is precisely the proper one for taking up cellections to that end. We are to give thanks for the manifold blessings we enjoy and surely we owe a very large portion of them to the labors of George Washington, under Providence. If we fail to observe his precepts, our prospects for future national prosperity and happiness, must fade away. Under such circumstances, it becomes eminently a religious duty for our churches to strive to perpetuate upon the popular mind, veneration for his character and devotion to his wise, patriotic and conscientious principles.

THE KUNKELS cannot fail to have a great house to-night, at the National Theatre, as they come back among us with all their old favorites of Washington still connected with them. It is very certain that no other band of Ethiopian minstrels have ever maintained such popularity here as the Kunkels. Yet they have given far more concerts in this city than any other band. Their success when last here—in the middle of the recess was unprecedented. If they draw crammed houses in Washington at such a dull season, what will they not do now, when all persons are brushing up in anticipation of the busy times ahead, and with three or four times as many strangers in the city as when they were

LARGE FUNERAL -Yesterday about 4 o'clk. we saw one of the largest colored funerals passing along Pennsylvania Avenue, we ever beheld. A line of forty carriages was preceded by a number of colored men clothed in regalia. Upon enquiry we found it to be the funeral of a respectable colored man named Levi Dick. an active member of the association of the "Sons of Clinton," who died on Thursday merning last of typhus fever, aged 22 years. The funeral services were performed by the Key. Nelson H. Turpin. We are informed that the deceased bore an exemplary character and experienced religion a short time previous to his death.

STRANBOAT COLLISION.-Testerday two of our river boats, the George Washington and George Page, plying between this city and Alexandria, came into collision on the river. It is said the circumstance caused some fright among passengers, but, luckily, no one was hurt. We trust that the rivalry between these boats was not the cause of the collision; if so, such conduct would be reprehensible. The lives of our citizens should not be endangered to gratify the spirit of rivalry.

THE MARRIAGE OF MR. GALER TO MISS HURDLE.-It was the Rev. Ashbel Steele, of the Episcopal Church, who united the couple in the First Ward of this city, on the 9th instant, whose marriage as having taken place on that day (the Rev. Mr. Steele officiating) was published in the Star. We deem this statement necessary, inasmuch as another minister named Steel caused to be inserted in the Star on Saturday last, a notice that he

was not the officiating clergyman. Evil disposed persons, upon the false statements of a disappointed suitor, relative to a prior marriage with the lady, have got up stories concerning this affair, which, during the recent short absence of the parties who Or No. 128 Bridge street, Georgetown.

Or No. 400 E street, Washington, D C. were married, as per the certificate of the Rev. Ashbel Steele, referred to above, bade fair to injure them. On their return, the author of these slanders instantly vanished from Washington, and the investigations which followed render it certain that all the stories against their conduct, or that of either of them, in the affair, are utterly groundless. We deem it our duty to make this statement, after satisfying ourselves of its truth in all respects; as late publication in the Star, in which they first of December. The True Statement. - This is to certify that, on the 9th of the present month, after due notice given, and on the presentation of the legal marriage license, I united in marriage, at my residence, Mr. William Brook Galer and Miss Frances Marion Hurdle, according to the order of the Methodist Episcothe legal marriage license, I united in marpal Church.

A Presbyter of said Church. Washington City, D. C., Nov. 20, 1854. BAPTISM AND REVIVAL .- As we stated in

Saturday's Star, the solemn and beautiful or-

dinance of baptism by immersion yesterday, was administered to a number of converts at the 13th street Baptist church, between G and The service of baptism were preceded by an

able, eloquent, and very effective discourse by the Rev. Dr. Teasdale, which was listened to by seven hundred or a thousand people with the deepest attention, and not without evidences of the powerful impression it produced.

The ordinance of baptism followed, interspersed with excellent singing by one of the finest choirs in the city, and though the congregation was dismissed, anxious souls still lingered around the altar.

_SMOKE.—The poor creatures employed in some of the rooms of the Post Office and Treasury Department, are just now martyrs to smoke. One smokey chimney in such a isiana avenue, or to DANIEL B. CLARKE, Drug building, is a nuisance to those engaged in Store, corner of Maryland avenue and Eleventh perhaps twenty chambers We cannot see street. how one can possibly do efficient clerical duty in smoke so thick as to prevent him from see ing five feet beyond the end of one's nose. concert of the Parrows, which came of at Odd Fellows' Hall on Saturday evening last, was conducted in the most admirable manner, and to the satisfaction of every one. Although they had a good house, we doubt whether, in view of their elegant gifts, it paid expenses.

ALARMS OF FIRE -During yesterday, there were three alarms of fire, which called out the various companies of the fire department. The two first were caused by a little more smoke than ordinarily escapes from chimneys; the last was from the burning of a carpenters' | Twenty eixth streets. H. N. & J. W. A BRAUTIFUL GIFT.-We had the privilege this morning of examining two beautiful Sheffield silver-plated baskets, with handsome gold and silver medals attached, at the store of Messrs. Warriner & Semkin, made to the order of the Washington Encampment of Masons, to be presented to their brother B. B. French, Esq., this evening. The medals were made in the shop of Messrs. W. & S., and are of 18-caret gold, surrounded by a solid silver border, chased. The following inscription is able for a drover's stand, as many cattle pars on the medals: "Presented to Sir Kuight B. B. through the farm on the Alexandria turnpike. Se-French, by Washington Encampment, No. 1."

THE POOR .- Our citizens, for years past, have been in the habit of rendering assistance to the worthy poor, in securing to them many of the necessaries of life It is now near time for them to begin the reorganisation of their charitable associations. Many little ones are seen, without shoes or stockings, tripping over the frosty ground in search of chips or wood to make fires for their poor feeble parents at home. Charity is not thrown away upon those who need it, and who are willing, but unable.

WATCH RETURNS .- November 18 -Mitchell O'Neil, drunk and lying the streets, fine and costs; A. Jackson, vagrant, workhouse ninety days. As usual, there were numerous applicants for lodgings, who were accommodated till morning, and then dismissed. Last night not one was arrested for a violation of law.

IT SHOULD be universally known—for it is strictly true—that indigestion is the parent of a large proportion of the fatal diseases. Dysentery, diarrhosa, cholers morbus liver complaint, and many other diseases enumerated in the city inspector's weekly catalogue of deaths, are generated by indigestion alone. Think of that, dyspepties; think of it all who suffer from disordered stomachs, and if you are willing to be guided by advice, founded upon experience, resort at once—don't delay a day—to Hoofiand's German Bitters, prepared by Dr. C. M. Jackson, which, as an alterative, curative, and invigorant, stands alone and unapproached. We have tried the Bitters; and know that they are excellent for the diseases specified above.
